

After careful consideration of the needs of the College and its financial condition I unhesitatingly recommend that you request the Board of Trustees to authorize the following buildings, improvements and changes:

Construction of a dining room and the adding to of the present kitchen and kitchen equipment,

The construction of a new dairy, and removal of sheds from present dairy building.
Removal of the building in which the Carpenter shop is now located:

Place the carpenter shop and pottery ~~XXXXXXXX~~ division of the Art Department in present dairy building:

Do necessary remodeling to chapel building, - inside - have columns replastered and building painted, and install steam heat: and some new equipment:
